

Call for Applications

ENGAGE.EU Think Tank: Spring 2023

TACKLING GENDER INEQUALITIES TO BUILD A MORE SUSTAINABLE “NEW NORMAL” IN EUROPE

DATE: 30 May to 2 June 2023

LOCATION: University of Toulouse 1 Capitole, France

APPLICATION DEADLINE: 9 January 2023

SCIENTIFIC DIRECTOR: Professor Marion Fortin

ENGAGE.EU is an alliance of leading European universities in business, economics, law and social sciences, which aims to provide European citizens with the set of skills and competencies they need to face the challenges of the future.

The ENGAGE.EU Think Tank provides a platform where you can focus on research and enhance your expertise by working with fellow researchers and leading experts from academia, industry and politics, and society. This forum allows you to build new research collaborations, potentially launching new projects, papers or funding applications – away from your everyday commitments.

The Think Tank brings together a small group of researchers from the 9 ENGAGE.EU universities* and aims to facilitate the interdisciplinary dialogue of ideas on subjects of societal relevance. It is a forum for intensive academic exchange where researchers address the critical societal challenges of our time, where boundaries of research are challenged, where outstanding collaborations become possible, and where space is given to original thinking and innovation.

The Think Tank research theme in Spring 2023 is:

TACKLING GENDER INEQUALITIES TO BUILD A MORE SUSTAINABLE “NEW NORMAL” IN EUROPE

In particular, we would like to encourage research in relation to the United Nations Sustainable Development Goals (SDGs). For instance, a research project might explore how to reduce gender inequalities with the goals to foster access to education, equal career opportunities and fair wages (SDGs 1, 4, 5, 8, 10). Similarly, projects may address psychological safety and gender inequality, violence towards women, victimology, and the trafficking of women (SDGs 3, 5, 10, 16) or justice and institutional voids related to gender inequality (SDGs 5, 10, 16, 17).

Opportunities for participating researchers

At the ENGAGE.EU Think Tank, we seek to attract researchers (Post Doctoral) from various fields, expertises and disciplines specializing in the proposed research theme.

*Since May 2022, Hanken School of Economics and Ramon Llull University are cooperation partners of ENGAGE.EU and will become full partners in 2023.

The heart of the Think Tank is a research stay in Toulouse, which will allow you to explore shared interests and build research projects with an international and interdisciplinary team of researchers specialised in similar research topics. You will also have the opportunity to gain new insights into current developments regarding gender inequalities in politics, academia, industry and society through exclusive lightning talks, round tables, and workshops.

The Think Tank aims not only to develop your professional network but should also lead to concrete outputs, such as joint publications or joint funding proposals. The participants of the Think Tank will collaboratively define their concrete goals.

To ensure the programme corresponds to your needs and expectations, details of the programme will depend on the final group composition and specific research interests.

Your research stay will include access to the university facilities in Toulouse, accommodation, travel expenses from your home institution to and from Toulouse, as well as an extensive academic and cultural programme during the core Think Tank stay.

If you are interested in joining this research adventure, we invite you to apply to this stay **in Toulouse from the 30th of May to the 2nd of June 2023**. Aside from this core week, you are also expected to participate in online meetings with the research group before the stay to explore shared interests and set project goals collaboratively, for the time in Toulouse and beyond.

Application requirements

YOUR PROFILE

The ENGAGE.EU research stays are primarily tailored to excellent researchers, from all disciplines, affiliated with the universities of the ENGAGE.EU alliance and who:

- explore topics related to gender inequality, in or affecting, Europe,
- aim to develop their expertise in their field of research,
- are interested in a collaborative interdisciplinary dialogue,
- want to engage in a pioneering project of a growing European network.

OUR EXPECTATIONS

As part of the ENGAGE.EU research stay, researchers are invited to:

- participate in preparation meetings with fellow participants in winter of 2022 and spring 2023,
- actively participate in ENGAGE.EU Think Tank activities, such as research colloquia, lunch meetings and other group events,
- be willing to exchange ideas and interact with relevant stakeholders about their research and related projects,
- stay in Toulouse for the duration of the core week,
- be interested in continuing the collaboration after the Think Tank, for example in the form of publication projects or funding applications,
- participate and present their work after the research visit.

APPLICATION

Applications for a stay at the ENGAGE.EU Think Tank are open for individual researchers and should include:

- the completed questionnaire to express your interest, via this link: https://qfreeaccountssjc1.az1.qualtrics.com/jfe/form/SV_ePul6MH0AG9SYYu
- a CV, including a list of publications.

ENGAGE.EU strongly encourages scholars of all genders and scholars belonging to underrepresented groups to apply.

Please fill in the questionnaire and submit your CV electronically (in a PDF file) by **9 January 2023** to the point of contact at your university (see contact details below). Applications received after this date may not be considered.

Invitations to participate will be communicated no later than 31 January 2023.

SELECTION

Submitted applications are evaluated by each ENGAGE.EU partner according to the application requirements. The Think Tank's selection committee, composed of academics specializing in multiple disciplines, will consider the best-rated applications for research stays following the preselection from ENGAGE.EU partners. See comment above.

Applications are evaluated on various dimensions:

- Established interest and relevance of research to the Think Tank core topic
- Potential for contribution to ENGAGE.EU's mission

Final decisions also consider a range of criteria for cohort composition, including but not limited to coherence and complementarity of research interests and experiences amongst group members, disciplinary balance, institutional diversity, and demographic diversity.

Please note that invitations for a research stay are not transferable to later years.

PRE-APPLICATION INFORMATION MEETING

We would like to invite you to one additional online information meeting **on 15 December 2022 at 12:00 h CET / 13:00 h EET**. A last information meeting will be held **on 5 January at 13:00 h CET / 14:00 h EET**. You will find the link to join the call on the ENGAGE website: www.engageuniversity.eu/engage-eu-think-tank-2023/. The aim of these meetings is to introduce the call for applications and the suggested field of research, as well as to answer any questions you may have on the application process and research stay. These events will also be an opportunity to meet interested researchers from other ENGAGE.EU universities.

Foreword

This privacy notice describes the characteristics of the processing undertaken by Luiss in relation to the personal data provided by those who intend to apply for selection procedures for the Call for Applications

Research Stay at the ENGAGE.EU Think Tank 2023 and highlights their statutory rights in this regard.

The privacy notice is periodically updated to take account of regulatory developments and new methods of processing personal data.

WHAT PERSONAL DATA DO WE COLLECT?

The Controller collects and processes the following personal data

- identifying data (name, surname, place and date of birth, gender and tax number);
- contact data (permanent address, current address, e-mail address and telephone number);
- curriculum vitae.

WHY DO WE COLLECT YOUR DATA AND WHY IS THEIR PROCESSING LAWFUL?

The Controller collects and processes the data subject's personal information in pursuit of the following purposes:

- to allow the data subject to send their candidacy and thus participate in the selection for the profile sought (the legal legitimacy of the treatment can be found in the pre-contractual obligations between the University and the candidate);
- to manage, from an administrative point of view, the selection of candidates based on the assessment of the merit and the curriculum of the interested party (the legal legitimacy of the treatment can be found in the pre-contractual obligations between the University and the candidate).

HOW DOES THE CONTROLLER PROCESS YOUR PERSONAL DATA AND HOW LONG IS THE DATA STORED FOR?

The data subject's personal data are processed both on paper and electronically (servers, cloud database, software, etc.).

The Controller stores the data subject's data for a period of time consistent with what the law prescribes and having regard to the time required to correctly achieve the purposes stated above.

TO WHOM DO WE COMMUNICATE YOUR PERSONAL DATA?

- *internally*

The personal data of data subjects can be accessed solely by the University's employees and other personnel so as to provide the data subjects with the requested services and limited solely to the data necessary to that end, in particular:

- administrative staff;
- academic staff;
- collaborators.

Our employees and other personnel have been informed and trained regarding the importance of observing the rules and principles governing the processing of personal data.

- *externally*

The Controller shares the personal data of registered students with some suppliers that play a role in providing the requested services and that have been specifically appointed as external Processors to that end, in particular third parties whose services the Controller avails of to manage the overall relationship with data subjects.

The Data Controller may share the personal data of the data subjects with the EU Engage partners. These entities, as independent data controllers, will submit their privacy policy and regulations to the attention of the data subjects, to fulfil all the obligations set forth in the relevant legislation.

Suppliers that access data do so in compliance with applicable data protection law and the instructions given by the Controller.

The Controller may not communicate personal data to third parties without the data subject's consent unless communication is mandated by law or by the authorities: should such prove necessary on grounds of national security; for reasons of general interest; on foot of a request made by public authorities.

ARE YOUR DATA TRANSFERRED ABROAD?

The data of the interested party are not transferred outside the European Economic Area. In the event that this transfer is necessary the institutes provided for by Title V of the GDPR will be applied

WHAT ARE YOUR RIGHTS AS A DATA SUBJECT AND HOW CAN YOU EXERCISE THEM?

The European Union's General Data Protection Regulation (GDPR) grants data subject specific rights, in particular, regarding access to data, rectification of data, objection to processing of data for commercial purposes or automated processing of data, erasure of data, restrictions on processing of data and portability of data. Data subjects are also entitled to seek redress through the Data Protection Authority.

Any data subjects wishing to exercise their statutory rights may, without formality, send an e-mail to privacy@luiss.it or write to the Controller Luiss Guido Carli at Viale Pola 12, 00198 Rome, Italy, setting out their request and furnishing the information necessary to identify them.

The contact details of the Data Protection Officer (DPO) can be viewed on the Controller's website at www.luiss.it.

The Controller will reply within one month. Should the Controller be unable to reply by the above deadline, it will give you a detailed explanation as to why your request cannot be satisfied.
